**AUTHORIZATION FOR MEDICAL CARE OF A MINOR**

The undersigned parent or guardian has legal custody of the child named below. All procedures must be recommended by a physician, surgeon, or dentist licensed by the state of Oklahoma.

This consent—given in advance of all OJABA events—encourages the custodian to seek needed treatment for the child in the absence of a parent or guardian. It is effective until withdrawn in writing.

To receive medical treatment, minor children must have consent from a parent or legal guardian. Except in a life-threatening situation, treatment may not be administered without it. Persons entrusted with the care of a minor child cannot give consent for treatment unless legally authorized by a parent or guardian. This consent form is legal authorization.
